Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great..O foolish writer. Now moves. Even in storytime, dreamtime, once-upon-a time, now isn't then..Her lifelong optimism, her buoyancy, which she had miraculously sustained through so many difficult years, would never survive this. She would no longer be a rock of hope for him and Edom. Their future was despair, undiluted and unrelenting..An SFPD patrol car swept past, its siren silent, the rack of emergency beacons flashing on its roof..Music played within. An up-tempo number. Possibly swing. He couldn't quite identify the tune..Her special son, walking where the rain wasn't, had made all things seem possible.."The exquisite kind," he replied, glad that he had read so many books on the art of seduction and therefore knew precisely the right thing to say..The wife killer was evil; and his evil would be expressed one way or another, regardless of the forces that affected his actions. If he'd not killed Naomi on the fire tower, he would have killed her elsewhere, when another opportunity for enrichment presented itself. If Victoria hadn't become a victim, some other woman would have died instead. If Cain hadn't become obsessed with the strange conviction that someone named Bartholomew might be the death of him, he would have filled his hollow heart with an equally strange obsession that might have led him, anyway, to Celestina, but that would surely have brought violence down on someone else if not on her..In the hall that served the two ground-floor apartments, they encountered Rena Moller, the elderly woman who lived in the unit across from theirs. She was polishing the dark wood of her front door with lemon oil, a sure sign that her son and his family were coming to dinner..When Agnes woke at 1:50 A.M., she was in the grip of a vague apprehension for which she couldn't identify a source..They were driven to St. Mary's by Detective Bellini in a police sedan. Tom Vanadium-a friend of her father's whom she had met a few times in Spruce Hills, but whom she didn't know well--literally rode shotgun, tensed to react, wary of the occupants of other vehicles on..Mrs. Lombardi had no visitors. She was alone in the world, her two children and her husband having passed away long ago..Victoria Bressler lay on the floor of the small foyer, left arm extended past her head, palm revealed, as though she were waving at the ceiling, right arm across her body in such a way that her hand cupped her left breast. One leg was extended straight, the other knee drawn up almost demurely. If she had been nude, lying against a backdrop of rumpled sheets or autumn leaves, or meadow grass, she would have had the perfect posture for a Playboy centerfold..A nurse in surgical greens appeared. "Pull up the sleeves of your scrub nearly to your elbows. Scrub hard. I'll tell you when to stop." "Why should I be afraid of a stumbling blind boy?" asked Junior again. But this time the words issued from him in a different tone of voice, because suddenly he sensed something knowing in this boy's attitude, if not in his manufactured eyes, a quality similar to what the girl exhibited..That evening, he was filled with a greater sense of adventure than he'd felt since arriving in the city from Oregon. Consequently, he treated himself to three glasses of a superb Bordeaux and a filet mignon in the same elegant hotel lounge where he had dined on his first night in San Francisco, almost three years earlier..Tommy James and the Shondells, good American boys, had a record farther down the charts-"Hanky Panky"-that Junior felt was better than the Beatles' tune. The failure of his countrymen to support homegrown talent aggravated him. The nation seemed eager to surrender its culture to foreigners..NOT IN A MOOD to garden, but wearing the proper gloves, Junior clicked on the foyer light, the hall light, the kitchen light, and stepped around the clubbed-smothered-shot nurse, to the range, where he switched on the right oven, in which an unfinished pot roast was cooling, and the left oven, in which the dinner plates waited to be warmed. He cranked up a flame again under the pot of water that had been boiling earlier-and glanced hungrily at the uncooked pasta that Victoria had weighed and set aside..Although she would have felt ridiculous phrasing this question in these words to any other three-year-old, no better way existed to ask it of her special son: "Kiddo ... do you realize you're speaking of your dad in the present tense?"..At the bed, he spread the garment across his pillow. Lying down, he pressed his face into the sweater. The sweet subtle scent of Naomi was as effective as a lullaby, and soon he dozed off..In the car again, a block from home, Barty said, "Maybe you could just not tell Uncle Edom and Uncle Jacob until Sunday night. They won't handle it real well. You know?".. "And to the north of us," Agnes said, drawing him out, "Janey Carter went off to college last year, and she's their only child.".. "Let's roll 'em. out," Paul said, and he returned to the station wagon to ride shotgun beside Agnes..Celestina looked out a kitchen window and saw Agnes in the Lampion driveway, where the three-vehicle caravan was assembled. She was loading her station wagon.. "Seems like," Vanadium agreed. "So a man like Cain obsesses on one thing after another-sex, money, food, power, drugs, alcohol, anything that seems to give meaning to his days, but that requires no real self-discovery or self-sacrifice. Briefly, he feels complete. However, there's no substance to what he's filled himself with, so it soon evaporates, and then he's empty again."..Unable to run, he raised his arms defensively, crossing them in front of his face, though the impact of the coins wasn't painful. Volleys flicked off his fingers, palms, and wrists..After mentally reviewing what he must say, after working up a nervous edge, he dialed the SFPD emergency number..Junior was not immune to traditional logic, but in this case he recognized the superior wisdom of Zedd's philosophy. His dread of Bartholomew and his gut-level animosity toward a child he'd never met defied all reason and exceeded simple paranoia; therefore, it must be purest, infallible animal instinct.."I see. Sometimes. Just quick. For like a blink. Like when you stand between two mirrors. You know?"..where everyone spoke a single language and had all the blueberry pies they needed..Tom between curiosity and emotional exhaustion, Celestina held his gaze, thinking, and finally she

said, "Deal." Relieved but still wary, he toured the small house again to be sure doors and windows were locked. He had sworn this vow before. An argument could be made that he had broken it. "What was it like, Enoch? Did you look into her eyes when you pushed her?" Vanadium's uninflected monologue was like the voice of a conscience that preferred to torture by droning rather than by nagging. "Or doesn't a woman-killing coward like you have the guts for that?" Gorging on fudge cake and coffee to guard against a spontaneous lapse into meditative catatonia, Junior manfully admitted that he had been weak, that he had reacted to the unknown with fear and retreat instead of with bold confrontation. Because each of us can trust no one in this world but himself, self-deceit is dangerous. He liked himself better for this frank admission of weakness. No hesitation preceded Grace's response. "That's very generous of you, Paul. And I, for one, accept. Is this the house where you lived with your Perri?" As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy. He had learned many things about himself on this momentous day--that he was more spontaneous than he had ever before realized, that he was willing to make grievous short-term sacrifices for long-term gain, that he was bold and daring-but perhaps the most important lesson was that he was a more sensitive person than he'd previously perceived himself to be and that this sensitivity, while admirable, was liable to undo him unexpectedly and at inconvenient times. Her hands were slender, long-fingered, graceful. The hands of an artist. They were not powerful hands.
